

## **FREMP TRACK 1 PROJECTS – 2006**

1. **2006-01-F001 - VPA and TSI Terminal Systems Inc. (VPA) Delta** – Application to jointly propose to install a "flow control chamber" (essentially, a manual shut off valve) in the large storm sewer at the southeast corner of Deltaport, immediately upstream of its outfall. All work is on the upland away from the foreshore. VPA released the schedule of environmental conditions on Thursday, January 19, 2006.
2. **2006-02-F002 – Pacific Custom Log Sort (FRPA- 1056-03-P092-01) Coquitlam** – Application to conduct clamshell maintenance dredging works within their log boom/log sorting grounds. FRPA letter sent Feb. 20/06.
3. **2006-02-F003 – Johnston Fishing & Packing Co. Ltd. c/o Canadian Fishing Co. Ltd. (FRPA – (022)J-02-00) Surrey** – Application to drive 4 12-inch steel piles at the Glenrose Plant to shore up the existing barge and vessel tie-up areas for greater stability. FRPA letter sent Feb. 14/06.
4. **2006-02-F004 – Envirochem Services/ Interfor (FRPA-(022) I-30-03) New West** – Application to removal several structures for safety reasons, from the Queensboro Mill facility. FRPA letter sent Feb. 15/06.
5. **2006-03-F005 – ConeTec Investigations Ltd. (FRPA – (022) 021-14-1) Maple Ridge** – Track 1 application to conduct geotechnical work for the proposed Golder Ears bridge project. The works will include drilling and testing of 3 or more locations using a wash rotary and CPT (cone penetration testing) drilling techniques on the water below the low tide mark. The FRPA letter was sent March 7/06.
6. **2006-04F006 – Hodder Towing/ FRPD (NFPA)** – Application to replace and repair existing timber piles at the facility. NFPA letter sent March 26/06.
7. **2006-04-F007 – Arrow/ FRPD (NRPA)** – Application for replacement of the outer berthing dolphin on the barge ramp. NFPA letter sent March 26/06.

8. **2006-04-F008 – City Transfer Inc (NFPA)** – Application for the replacement and repair of a damaged dolphin at the Richmond facility. NFPA letter sent March 27/06.
9. **2006-04-F009 – Kintamara Research Corporation (NFPA)** – Application to install acoustic receivers to pilings just off the riverbed in order to track migrating salmon. NFPA letter sent March 29/06.
10. **2006-04-F010 – Coast Asphalt Transportation Ltd. (FRPA) Surrey** – Track 1 application for maintenance dredging at their site located east of the Patullo Bridge in Surrey. The FRPA letter was sent April 6/06.
11. **2006-05-F011 – GVWD/ Golder Associates (NFPA) Rmd – Bby** – Application for a geotech investigation to assess seismic risk to the Tilbury Water Main Crossing on the north arm of the Fraser River near the intersection of River Rd and Nelson Rd in Richmond and in Foreshore Park in Burnaby.
12. **2006-05-F012 – Fraser River Pile & Dredge/ Vito's Steel (FRPA) Delta** – Application for temp. barge moorage at the uprive waterlot adjacent to Vito's Steel. This is related to work for the Golden Ears Bridge. FRPA letter sent May 25/06.
13. **2006-06-F013 – Parksville Building Movers Ltd. (FRPA) Rmd** – Application to barge a house from No. 5 Road and Dyke Road to the final destination of Mayne Island, BC. FRPA letter sent June 12, 2006.
14. **2006-06-F014 – Delta Yachts (NFPA) Rmd** – Application to replace pilings. NFPA will send the letter pending the ERC's comments by June 21/06.
15. **2006-06-F015 – Skyline Marina Enterprises Ltd. (NFPA) Rmd** – Application for the installation of new piling and 3 boatsheds at 8031 River Road. NFPA letter sent June 19/06.
16. **2006-07-F016- Forrest Marina Ltd. (FRPA) Delta** – Application for tenure and construction of a barge tie-up at the facility located on the eastern side of the bottom end of Annacis Island. FRPA letter sent June 23/06.
17. **2006-07-F017- Forrest Marina Ltd. (FRPA) Delta** – Application for tenure and construction of a barge tie-up at the facility fronting Wharf Street in Maple Ridge, BC. FRPA letter sent June 23/06.
18. **2006-08-F018 – Blue Water Systems (FRPA) New West** – Proposal to drive 14 – 16 steel piles to accommodate 4 fishing lodge barges inside the existing waterlot. The FRPA letter was sent Aug. 2/06.
19. **2006-08-F019 - M Properties Ltd. (FRPA) Delta** - Proposed works to replace and drive new steel piles within their waterlot. The work is to be conducted on Thursday August 10th, 2006. FRPA's letter sent August 8/06.
20. **2006-08-F020 – Deborah Wilson (FRPA) Delta** – Application for the removal and replacement of 4 piles in Ladner Harbour (Dobrilla waterlots) for a floathome. FRPA letter sent Aug. 4/06.
21. **2006-08-F021 – Mackenzie Seizai Mill/ Envirochem Services (FRPA) Surrey** – Application to conduct maintenance repairs at the mill site. FRPA letter sent July 12/06 (received at FREMP on Aug. 9/06)
22. **2006-08-F022 – Granite Island Holdings Ltd. (FRPA) Delta** – Application to drive two (2) batter piles within the barge moorage facility located at 8081 River Road in Delta. FRPA letter sent July 18/06 (received at FREMP on August 9/06).
23. **2006-08-F023 – VPA (VPA) Delta** - The VPA proposes to place approximately 250 cubic metres of rip rap material to above the high water line, along a section of the Roberts Bank outer causeway from the Westshore/Deltaport intersection and south towards Deltaport. All rip rap will be placed individually to ensure maximum lock-up with existing rip-rap. Rip rap will be delivered by road for placement from the upland. Rip-rap placement will not exceed the original slope profile. Rip rap placement is in response to erosion of the upper rip rap protection along

this section of the Roberts Bank outer causeway, following high wind and wave action of the previous winter; Rip rap repairs are not a component of compensatory works for the proposed Deltaport expansion. VPA anticipates released the Schedule of Environmental Conditions on August 22, 2006.

24. **2006-08-F024 – Nickel Brothers House Moving (FRPA) Rmd** – Application for a house move from No. 5 Road and Dyke Rd I Richmond. FRPA letter sent Aug. 18/06.
25. **2006-09-F025 – FRPA (FRPA) Surrey** – Application for proposed modification works to the trifurcation wall at the Timerbland basin. FRPA letter sent Sept. 13/06.
26. **2006-10-F026 – ConeTec Investigations Ltd. (FRPA – (022)G-65-00) New West/Surrey** – Application to conduct borehole drilling and testing at the Pattullo Bridge. FRPA letter sent Sept.21/06.
27. **2006-10-F027 – Anbrook Industries Ltd. (FRPA – (1056-03-M007-00)) Pitt Meadows** – Application to remove 1500 cubic metres from the mill pocket fronting their upland mill. FRPA letter sent September 21/06.
28. **2006-10-F028 – Wayden transportation Systems Inc. (FRPA – (022)W-65-00)) Delta** – Application for construction of a barge moorage facility downriver of Seaspan Intermodal and off shore of Coastal Mountain Hardwood (Weyerhaeuser). FRPA letter sent August 2/06.
29. **2006-10-F029 – Coastal Asphalt Transportation Ltd. (FRPA – (1056-03-C032-00)) Surrey** – Application for maintenance dredging at the site. FRPA letter sent Sept. 21/06.
30. **2006-10-F030 – Rempel Brothers/ Fraser River Pile & Dredge (NFPA) Rmd** – Application to replace 2 rotten timber dolphins with steel piles at the Richmond middle arm site. NFPA to send out letter by Oct. 5/06.
31. **2006-10-F031 – Richmond Plywood/FRPD (NFPA)** –Application for maintenance dredging at the facility. NFPA expects to send out their letter by October 15/06.
32. **2006-10-F032 – Rempel Brothers/FRPD (NFPA) Rmd** – Application to replace two rotten timber dolphins with steel pipe piles at the Rempel Bros Richmond middle arm ramp. In addition, two steel dolphins will be replaced due to the fact that there is one missing dolphin and one bent dolphin. The NFPA letter was sent October 30/06.
33. **2006-10-F033 – Wayden Transportation Systems Inc. (FRPA)** Application for construction/tenure of the barge/scow moorage facility located downriver of Seaspan in Delta, BC. FRPA letter sent Aug. 2/06 but received at FREMP on Nov. 1/06.
34. **2006-11-F034 – Harken Towing Co. Ltd. (FRPA((022)H-06-45)) PoCo** – Application for driving 5 steel piles within Chatam Reach Middle Grounds of the Pitt River. The FRPA letter was sent Nov. 21/06.
35. **2006-11-F035 – Catalyst Paper / Sandwell Engineering (FRPA (1056-03-B007-00)) Coquitlam** – Application for maintenance dredging at their barge loading facility located within Sapperton Channel. The FRPA letter was sent Nov. 2/06.
36. **2006-11-F036 – Jamie Robertson (FRPA (022)PR-09-00) Delta** – Application to remove an existing walkway and ramp downriver of the lot located at 4591 River Road West, Delta. FRPA letter sent Nov. 2/06.

- 37. 2006-12-F037 – Lafarge Canada Inc. (NFPA) Vcr** – An application to remove one (1) tree from the proponent’s water lot due to severe beaver damage. The NFPA letter was sent Dec. 1/06. Faxed to the ERC on Dec. 4/06.
  
- 38. 2006-12F038 – Lafarge Canada Inc. (FRPA (1056-03-Loo4-00) Rmd** – Application for maintenance dredging at the Lafarge Cement Plant. FRPA letter sent Dec. 7/06.
